Ladies and gentlemen, all of the guests,

On behalf of Vietnam Ministry of Industry and Trade, I would like to welcome all delegates, honored guests, international/domestic organization and businesses at Vietnam Saigon Textile & Garment industry / Fabric & Garment Accessories Expo (SaigonTex & Saigon Fabric) 2023 today.

Ladies and gentlemen, Textile and garment industry plays a very important part in Vietnam economy. MOIT always highly appreciate the importance and contribution of the industry, thanks to its rank as the third place on total Vietnam export value and its crucial role in social security stabilization as well as jobs creation with better workers income (2 or 3 times higher than workers in the agriculture sector). Nowadays, Vietnam textile and garment industry generates jobs for about 2.5 million workers, with export turnover in 2022 reached USD44,5 billion, more than 10% compared with 2021. Yearly worker income is around USD 3800 annually. With an export target of 70 billion USD till 2030, textile and garment industry could use more than 4 million direct workers and create 1,5 million indirect workers.

Despite high export turnover, the value added in each product is not as expected. The bottleneck of the industry remains in the raw material dependence, and has not developed in competence with the upstream in the supply chain. Besides, labor productivity is still low in comparison with other competitors, accompanied with average level technology. Therefore, in its very next stage of development, Vietnam textile and garment industry should integrate more into the world supply chain, move up to more value -added linkage in the chain like design, raw materials production, distribution.etc.

Besides, in order to achieve 2030 goals, Vietnam's textile and garment industry needs to change its vision and strategy, in which, it is necessary to focus on areas like developing a complete textile and garment production chain on a large scale, facilitating modern equipments with high automation and Real-time automatic management, promoting green and environment-friendly production. At the same time, to order to adapt in an uncertain and varying environment, the textile and garment industry needs to find suitable solutions to secure jobs and provide social insurance protection to workers, to overcome epidemic's challenges, at the same time to achieve the long-term goal of sustainable development. SaigonTex 2023 is once again organized and attracts a lot of exhibitors from high technology country with developed textile and garment industry. I think this is a great opportunity for enterprise to access modern equipment and facilities, update technology, generate basis for investment orientation in the future. The expo is also a good chance connecting buyers and suppliers, promoting trade between Vietnam and other nations on all over the world.

Ministry of Industry and Trade always supports this kind of promotion activities which enhance the development of the industry, and SaigonTex & SaigonFabric is effectively organized annually.

On behalf of the Ministry of Industry and Trade, I wish SaigonTex & SaigonFabric 2023 big success; all the guests' good health and wish attendees achieve great outcomes.

Thank you!

**Mr. Vu Duc Giang**  
**Chairman of Vietnam Textile**  
**and Apparel Association (VITAS)**

- 1). Vietnam's textile and garment import and export in 2022 has reached 44.4 billion USD, increased 9.4% compared to 2021
- 2). Difficulty & challenges of Vietnam is facing in Quarter 1 and 2 of 2023, orders decreased by 18-22%
  - Challenges 1: Double standards requirement of importing countries and brands issue.
  - Challenge 2: Competition from competing countries with lower costs and wages
  - Challenge 3: Shortage of material supplies
- 3). **SaigonTex 2023 and SaigonFabric 2023 offer many business opportunities for**
  - Vietnamese textile and garment enterprises to find the raw materials and accessories supply that meet the requirements of many brands.
  - Businesses to link chains more effectively
  - Fashion designers to find ideas to develop designs, catch up with global trends
  - Promoting sustainable development and greening Vietnam's textile and garment industry (environment friendly production)
  - Vietnamese textile and garment enterprises to promote investment in developing digital technology, and to create transparency in the textile and garment industry.
  - Promoting the Textile and Garment industry to develop its production, business, and sell products on ODM, FOB, OBM basis to achieve high efficiency for businesses and employees.
  - Promoting the solution for good strategy to train adaptability resource to catch up with the global textile industry

**Mr. Cao Huu Hieu**  
**General Director of Vietnam**  
**National Textile – Garment**  
**Group (VINATEX)**

Ladies and Gentlemen,

On behalf of organizers, I would like to thank all of you for your attention at Vietnam Saigon Textile & Garment industry / Fabric & Garment Accessories Expo (SaigonTex & SaigonFabric) 2023 today. After an interrupted period due to Covid 19, I am very glad that Vietnam Saigon Textile & Garment industry / Fabric & Garment Accessories Expo 2023 is organized with the size 3 times as big as SaigonTex 2022, affirming the attractiveness of Vietnam's textile and garment industry in its development process, recognizing the efforts of experienced and reputed organizers, the cooperation, trusts and supports of domestic and international textile manufacturers and suppliers.

In 2022, Vietnam's textile and garment exports reached 44,5 billion USD, with a growth 10% compared to 2021, accounting for 12% of Vietnam's export turnover. Besides, textile and garment is the leading industry in terms of labor recruitment with about 2 million industrial workers and nearly 1 million indirect workers engaged in trade and textile services. Therefore, Vietnam textile and garment industry has always got much Government, domestic and foreign partners' attention.

As the leading organization of Vietnam's textile and garment industry, attracting more than 150,000 employees in the whole system, contributing a great portion of production capacity and value to the whole economy, Vietnam National Textile and Garment Group has built a sustainable, long term development strategy, ensuring it meet increasingly markets' stringent standards. With its strategy till 2030 becoming a one one-stop sustainable and green fashion destination, Vinatex focuses in solutions such as: strenghtening invest in raw material production and stabilization; promoting product development, building fashion brands in the local market; complying with the main export markets' regulations on environmental and social responsibilities, with main focus in updated technology to reduce energy use, reduce emissions and labor use, to increase productivity and quality; to enhance green production, as well as build a circular production and business system...

Besides, fully aware of its core role in orienting and promoting the development of the whole industry, Vietnam Textile and Garment Group often connects partners, manufacturers, suppliers around the world to update the latest technology information, forecast market situation and development trends of the global textile industry...for Vietnamese textile and garment enterprise.

**Mr. Cao Huu Hieu**  
**General Director of Vietnam National Textile – Garment Group**  
**(VINATEX)**

**(to be continued...)**

Therefore, for many years, Vinatex has cooperated with Vietnam Chamber of Commerce and Industry and CP Exhibition Co to organize trade promotion and business matching programs, including Saigontex & Saigon Fabric 2023. The expo is sponsored by MOIT, VCCI, Vitas, Vinatex and Agtek. This is a great opportunity for enterprise access modern equipment and facilities, update technologies in keeping with current global trends..

SaigonTex & SaigonFabric 2023 size is the biggest one since 1991, with nearly 2000 expo booths, attracting more than 1300 international exhibitors from 21 countries/territories, all from advanced textile and garment countries. Especially, for the first time there is a separate expo area for ‘Dyeing, Yarn and Chemical’, with 75 international exhibitors. They focus on introducing advanced technology solutions to mark a new era of sustainability for the textile industry.

Besides, during 4 working days from April 5th to April 8th, we organize interesting seminars and will share useful information, with great views from domestic and international experts: covering topics such as forecast changes in the market, solutions for green production, circular economy, sustainable development.....etc, Those conferences are hosted by Vitas, Vinatex, Agtek, etc. I hope those sessions meet participants expectation.

Once again, on behalf of Vietnam Textile and Garment Group, I would like to send my sincere thanks first for the great supports of Hochiminh city People’s Committee, the Ministry of Industry and Trade, for all government unit of Hochiminh city, for creating favorable conditions so that trade promotion activities, trade fairs and exhibitions of the textile and garment industry are organized in a convenient and effective way. We wish Vietnamese textile and garment enterprises as well as suppliers from 21 countries and territories engage in new cooperation activities and achieve great success.

I wish you all good health, happiness, wish The expo great success!

On behalf of organizers, I declare the opening of Vietnam Saigon Textile & Garment industry / Fabric & Garment Accessories Expo (SaigonTex & SaigonFabric) 2023.

Thank you!

# SHOW 2023 HIGHLIGHTS

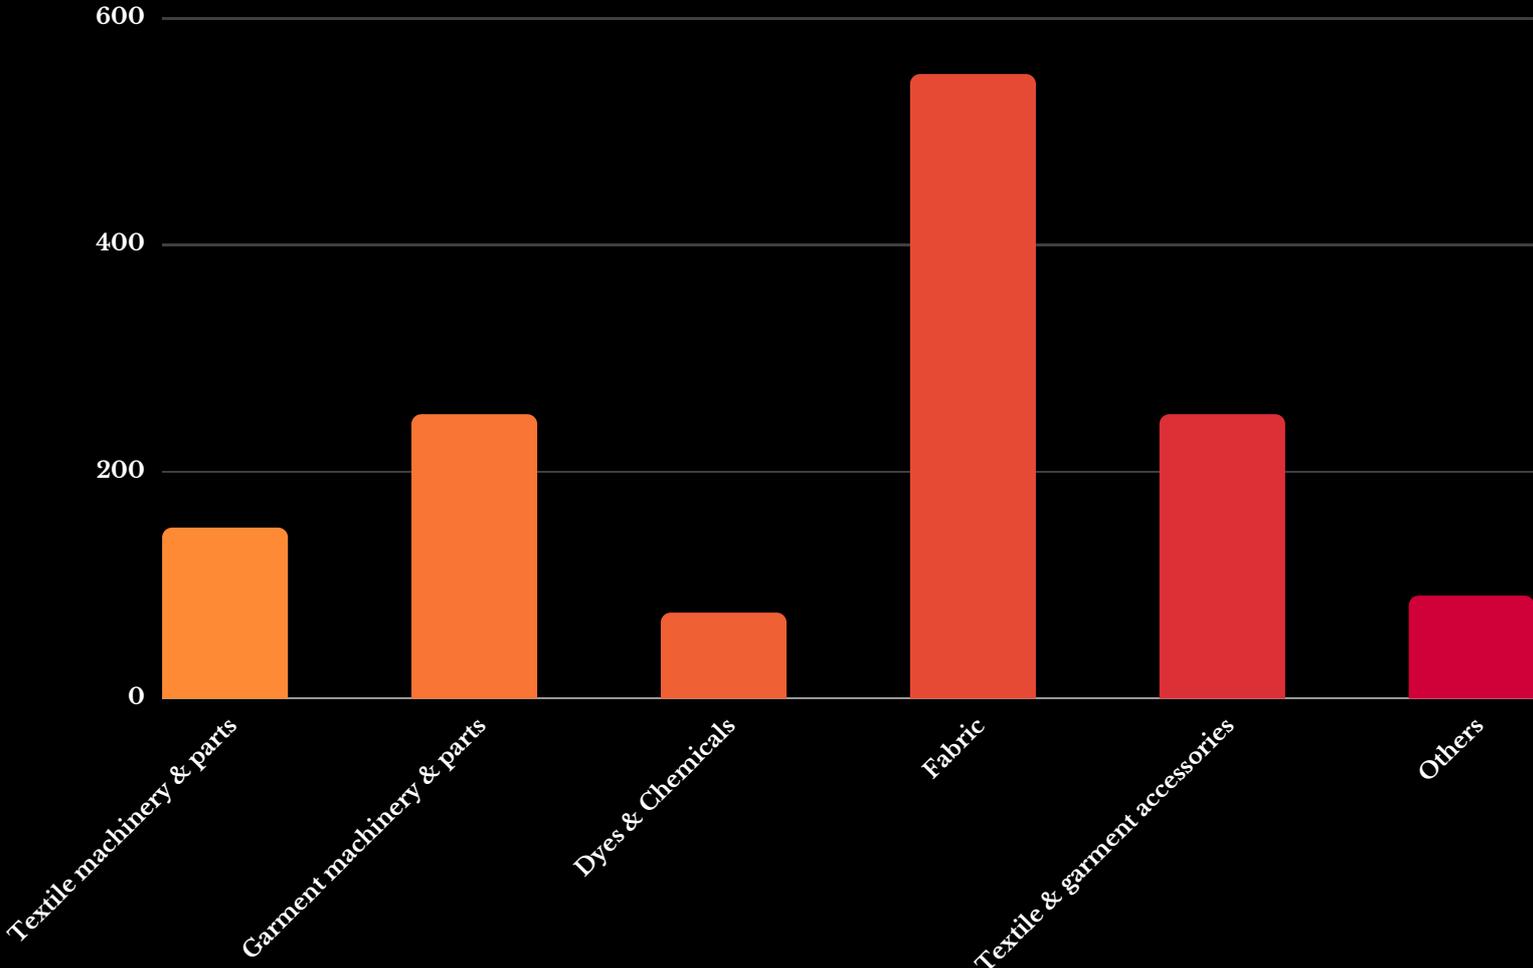

- ✓ No.1 international textile and garment industry, textiles and garment accessories in Vietnam and leading in South East Asia.
- ✓ Most of the international famous machineries, parts and accessories to be seen in this SaigonTex 2023.
- ✓ Cover about **2000 exhibition booths** with over **1,350 international and local Vietnamese exhibitors**.
- ✓ Exhibitors from 21 countries/ regions, namely **Belgium, China, Czech Republic, France, Germany, Greece, Hong Kong, India, Italy, Japan, Korea, Lithuania, the Netherlands, Pakistan, Singapore, Spain, Switzerland, Taiwan, Turkey, U. S. A., Vietnam**
- ✓ **Biggest** international textile & garment industry expo ever in Vietnam since **1991**.
- ✓ Many official pavilions
- ✓ Visitors can find many famous international textile and garment machinery brand names.
- ✓ First “**Dye, yarn and Chemical**” section with at least **75 international suppliers** in SaigonTex/SaigonFabric.
- ✓ Alongside activities seminars, Business matching meeting, Factory visit, Opening Ceremony, etc.

# OFFICIAL PAVILIONS

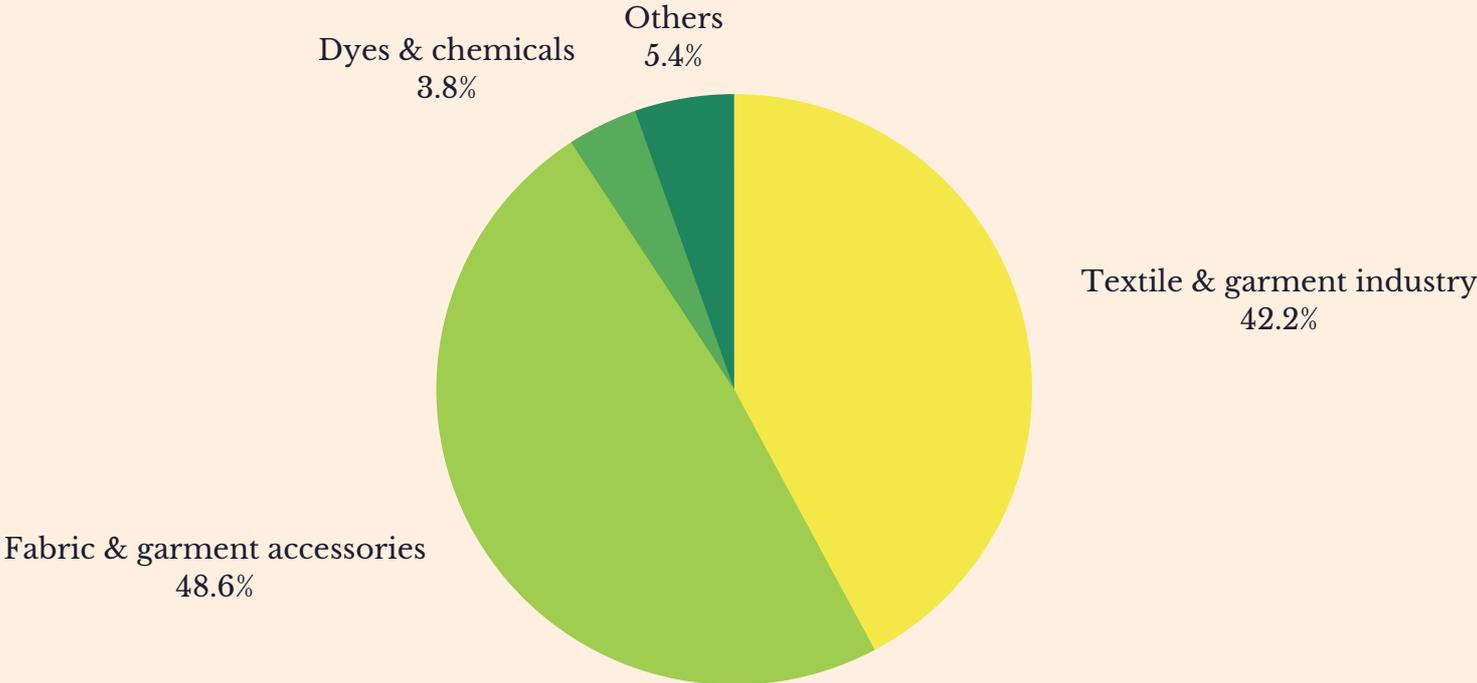

- ✓ China Shao Xing Province (with over 200 machinery and textiles suppliers)  
China Jiangsu Province (with over 200 machinery and textiles suppliers)
